

# NEW TEAM MANAGER - TEAM CONCUSSION VIEWER

Updated 18 April 2026

We've introduced a new role within HURT to streamline concussion recording through PlayHQ.

Team Managers can now be added under **Team Concussion Viewer**, giving them access to key concussion data required for PlayHQ reporting.

Club Name	Team	Player	Incident Date	Explanation	Parent Emailed	Clearance Returned	Return To Play
Sports Buddy Pagonia Sharks	Demo U12 Girls	Amelie Nicholson	14/Apr/2026	Amelia was running for the ball and another player collided with her and they struck heads. Amelia came off straight away. Concussion Assessment was done and she complained of light sensitive right away. She looks quite pale and pan face also. She did not return to the field and mum took her from the ground and called the Concussion Hotline.	Yes	No

Sports Buddy Pagonia Sharks	Demo U12 Girls	Maddie Allison	10/Mar/2026	Maddie collided with opponents head on going up for a mark and then when she fell to the ground she also hit her head on the ground. She took a while to get up and looked very dazed. During her assessment she was not feeling well at all. Looked quite disorientated. Parent came over immediately and we decided it was best to take her to the doctor straight away.	Yes	Yes	10/Apr/2026

**Please note:**

- Upon entering a suspected concussion, the Player will be notified of the suspected concussion via email including that they are ineligible for selection on a team sheet until they submit to clear themselves via their profile within PlayHQ. They will be provided with details on the process they must follow to safely return to play following a suspected concussion.
- Upon entering a suspected concussion, the team manager and relevant club administrators will be able to see this concussion record. Once the player has been cleared to return from the suspected concussion, the concussion record will only be visible to the PlayHQ profile owner.
